Statement in Response to the All-new 2011 Dodge Durango Nomination for "North American Truck of the Year"

December 15, 2010, Auburn Hills, Mich. - The following statement can be attributed to Ralph Gilles, President and CEO, Dodge Brand, Chrysler Group LLC:

"The Dodge team is honored that journalists who have driven the all-new Dodge Durango have made it a finalist for the 2011 North American Truck of the Year award. The Durango represents where the Dodge brand is going with its six new or refreshed products for 2011-- striking vehicles that are thoroughly engineered and fun to drive. It's always rewarding when third party sources recognize that we're creating products that will delight our customers."
