More than 150 Dealerships Take Possession of Nearly 200 All-new 2011 Dodge Durango SUVs in Driveaway Event

January 12, 2011, Detroit - The Dodge brand's product momentum took hold at the MGM Grand Hotel in Detroit on Thursday as excited Dodge dealers, some from as far away as Kentucky, picked up the keys to drive away nearly 200 all-new 2011 Dodge Durango SUVs.

Early dealer feedback has been great as faithful current owners are excited to rediscover the Durango. The original right-sized three-row SUV is reborn for 2011 with a striking design and a performance-tuned suspension.

The 2011 Dodge Durango is built at the Jefferson North Assembly plant in Detroit.
