March 29, 2011, Denver - Rock climbing, scaling a mountain created by the Jeep® brand or cruising the streets of downtown Denver in all new Chrysler, Dodge, Fiat, Jeep and Ram products, consumers will get a hands-on Chrysler Group experience at the 2011 Denver International Auto Show, March 31 – April 3, 2011 at the Colorado Convention Center.

“We have ensured that current and potential customers are given a hands-on experience with the new line-up across the Chrysler Group brands,” said Jeff Hines, director of Chrysler Group’s Denver Business Center. “With the introduction of Camp Jeep® Denver and ‘The Chrysler Drive’ experience, we have transformed the auto show space to feature our all-new and significantly improved vehicles. We are also pleased to debut the FIAT brand to the auto show.”

CAMP JEEP DENVER

Camp Jeep Denver provides the ultimate off-road driving course for attendees of the 2011 Denver Auto Show and is free for attendees. Consumers will get a thrilling ride over various obstacles that will demonstrate Jeep’s legendary Trail Rated® capabilities.

“We have created the Camp Jeep Denver to provide our current and potential customers with an adventurous experience that is exclusive to the Jeep brand,” said Hines. “Camp Jeep Denver provides an ideal venue to experience the countless features and legendary capability offered in the all-new 2011 Jeep Grand Cherokee, the iconic Jeep Wrangler and the new Jeep Compass.”

The Camp Jeep Denver courses consist of several obstacles that simulate some of the rigorous testing that Jeep vehicles endure before customers get behind the wheel. The course includes elements that demonstrate the Trail Rated® capabilities of Jeep vehicles for articulation, ground clearance, maneuverability, traction and traversing the famous Jeep Mountain.

Trained instructors will drive participants over the variety of surfaces on the courses. Attendees will learn to navigate off-road challenges, such as steep grades, rocky trails and log crossings, under the guidance of trained instructors.
