## **Chrysler Group LLC's Mid-Atlantic Business Center Presents Toys for Tots Foundation With \$150,000**

December 18, 2012, Quantico, Va. - Today, Chrysler Group LLC's Mid-Atlantic Business Center (MABC) presented representatives from the Toys for Tots Foundation with a check for \$150,000. This represents a \$100 donation for every Chrysler Town & Country, Dodge Grand Caravan and Dodge Journey sold since Nov. 12 when the program commenced. In fact, the MABC is still making a \$100 donation for every 2012 and 2013 minivan and Journey sold through Wed., Dec. 26, so the total donation to the foundation will amount to more than the \$150,000 presented today! This donation will be put toward purchasing holiday gifts for families in need within communities in the Mid-Atlantic (VA, WV, PA, DE, MD, southern NJ).

In addition to making donations to the Toys for Tots Foundation, Chrysler Group dealers in the Mid-Atlantic region served as Toys for Tots toy drop-off points. Since early November, dealers have worked diligently with their communities to collect hundreds of toys for children in need this holiday season. Customers can still visit their local Chrysler and Dodge dealers to make toy donations through Wed., Dec. 19.

### **About Chrysler Group LLC**

Chrysler Group LLC, formed in 2009 to establish a global strategic alliance with Fiat S.p.A., produces Chrysler, Jeep, Dodge, Ram, Mopar, SRT and Fiat vehicles and products. With the resources, technology and worldwide distribution network required to compete on a global scale, the alliance builds on Chrysler Group's culture of innovation, first established by Walter P. Chrysler in 1925, and Fiat's complementary technology that dates back to its founding in 1899.

Headquartered in Auburn Hills, Mich., Chrysler Group's product lineup features some of the world's most recognizable vehicles, including the Chrysler 300 and Town & Country, Jeep Wrangler, all-new Dodge Dart, Ram 1500, Jeep Grand Cherokee SRT8 and Fiat 500. Fiat contributes world-class technology, platforms and powertrains for small- and medium-size cars, allowing Chrysler Group to offer an expanded product line including environmentally friendly vehicles.
