All-new 2017 Chrysler Pacifica Named Top Minivan of 2017 by *New York Daily News* Autos Team

April 6, 2017, Auburn Hills, Mich. - The all-new [2017 Chrysler Pacifica](#) was named the best minivan of 2017 by the *New York Daily News* Autos team in the newspaper's second annual Auto Awards.

A panel of eight automotive journalists with more than 100 years of collective experience evaluating new vehicles selected this year's award winners. The panel of jurors was given a single, overarching directive: within each category, rank the vehicles in the order that you would recommend them to your family members, friends and co-workers.

"In each category, these awards reflect the best choices for consumers based on practical considerations and our experience driving them," said Christian Wardlaw, *New York Daily News* Autos Editor. "People buy vehicles for different reasons, and we adjust our criteria accordingly depending upon the vehicle category and what car buyers may prioritize in each of them. The goal is to provide people with smart, practical, enjoyable, and emotionally appealing choices across a broad spectrum of vehicles while rewarding automakers for value, innovation, design and dynamism."

As the original creator of the minivan more than 30 years ago, FCA US has transformed the segment with firsts, notching 78 innovations through the first five minivan generations. With the introduction of the all-new Chrysler Pacifica and [Pacifica Hybrid](#), FCA US adds 37 minivan firsts to its portfolio for an unprecedented total of 115 innovations in the segment, including the industry's first minivan available as a plug-in hybrid electric vehicle.

The 2017 Chrysler Pacifica reinvents the minivan segment with an unprecedented level of functionality, versatility, technology and bold styling. Re-engineered from the ground up on an all-new platform, the Pacifica delivers class-leading gasoline and hybrid powertrains to the minivan segment. With more than 100 available safety and security features, the all-new Uconnect Theater rear seat entertainment system, and a full array of comfort and convenience technologies, the Chrysler Pacifica is a no-compromises minivan ideally suited for today's families and has earned its spot as the most awarded minivan of 2016 and 2017.

The Pacifica Hybrid takes this revolutionary vehicle a step further with its class-exclusive, innovative advanced and class-exclusive hybrid powertrain. It's the first electrified vehicle in the minivan segment and achieves 84 miles per gallon equivalent (MPGe) in electric-only mode and 33 miles of all-electric range.

About Daily News Autos

Daily News Autos reaches more than half a million people each month with original content including car buying advice and guides, in-depth reviews, future vehicle previews, consumer-oriented news, and unique perspectives on automobiles and the industry that creates them. Daily News Autos primarily serves an in-market consumer audience, and its roster of staff members and contributing writers reflects America's broadly diverse car-buying population.

About the Daily News

With 2 million readers in New York, and more than 40 million national unique visitors online each month, the Daily News is the most widely read tabloid in the city and one of America's most popular web sites. In addition to automotive, the Daily News covers breaking news, politics, sports, entertainment, celebrity, lifestyle, opinion, business and health, delivering up-to-the-minute reporting, rich photography and compelling video to readers of its print newspaper, industry-leading website, tablet apps, and iPhone and Android editions.

Chrysler Brand

The Chrysler brand has delighted customers with distinctive designs, craftsmanship, and advanced innovation and technology since the company was founded in 1925. Chrysler continues to build on that nearly 100-year legacy of creating ingenious products and technologies for mainstream customers, moving forward on an electrified transformation that will launch the brand's first battery-electric vehicle in 2025 and an all-electric portfolio in 2028.

The Chrysler Pacifica continues to reinvent the minivan, a segment Chrysler created 40 years ago. The Chrysler Pacifica Plug-in Hybrid symbolizes the brand's electrification evolution, representing the first electrified minivan in the segment and achieving 82 MPGe, an all-electric range of 32 miles and a total range of 520 miles. Chrysler Pacifica delivers the most standard safety features and most advanced available all-wheel-drive system in its class and is also the most awarded minivan over the last seven years with more than 175 honors and industry accolades since its introduction as a minivan.
