June 24, 2017, Norwalk, Ohio - Mopar Funny Car driver Matt Hagan turned in a record-setting performance during qualifying for the 11th annual NHRA Nationals at Summit Motorsports Park, putting HEMI[®] power in prime position to take home yet another win during its thus-far dominant 2017 campaign on the NHRA Mello Yello Drag Racing Series.

Hagan and the Mopar Express Lane Dodge Charger R/T team set a track elapsed-time record in Funny Car on Friday evening at the famed Norwalk speed plant in Northern Ohio, making a pass of 3.865 seconds at 333.33 mph to claim the No. 1 spot in the category.

The No. 1 position is the fourth for Mopar Dodge Funny Cars from Don Schumacher Racing (DSR) this season, and the 10th for Mopar across both the Funny Car and Top Fuel categories as the schedule reaches its 12th event of the year.

Hagan, whose team is known for its aggression during qualifying sessions, made his record pass in cool conditions under the lights during Q2 after rain had delayed or postponed many classes throughout the day. However, both sessions in the Nitro categories were contested in prime weather for falling records.

Hagan held onto his time through two more rounds of qualifying on Saturday under sunny skies to take the top spot. It was his third low-qualifier honor of the season and the 29th of his career.

The rest of the DSR Mopar Funny Car contingent had a mixed bag of qualifying results in their Dodge Charger R/T machines. Tommy Johnson Jr. will begin Sunday from the fifth qualified spot, Jack Beckman will start from the ninth position, and most recent event winner and points leader, Ron Capps, will have an uphill battle from 13th.

In Top Fuel, Leah Pritchett drove her dragster from DSR featuring HEMI power to the No. 4 qualifying position, while her Mopar and DSR teammate, eight-time champion Tony Schumacher, will begin the day from the eighth spot on the elimination ladder.

Matt Hagan, Mopar Express Lane Dodge Charger R/T Funny Car

Qualified No. 1, will face No. 16 Jeff Diehl

Friday: (3.881 seconds at 332.02 mph – Q1); (**3.865/333.33** – Q2)

Saturday: (4.034/321.88 – Q3); (3.979/327.35 – Q4)

"I think we've got a real opportunity to go out here and turn on four win lights tomorrow. We qualified well. I didn't

really look at the ladder, but there's not really any use in doing that. Everybody's tough out there so it just kind of falls where it falls. But we really want to try to catch (Ron) Capps right now. He's got five wins, we've got three. We need to put this Mopar car in the winner's circle tomorrow."

Leah Pritchett, Papa John's Pizza/Mopar Pennzoil Top Fuel Dragster

Qualified No. 4, will face No. 13 Ike Maier

Friday: (3.720 seconds at 322.27 mph – Q1); (7.173/85.95 – Q2)

Saturday: (10.772/72.53 – Q3) (3.808/323.81 – Q4)

"I definitely feel good going into Sunday. I think we've got a handle on something we've been seeking for quite some time now, which is our warm-track tuneup. It took us Q4 to be able to prove it to ourselves and our parts to prove to us that everything is doing what it's supposed to. This is definitely going to be a crew chiefs' and drivers' race. Not that any race isn't, but we've got much a better handle on the car than we did at the beginning of the weekend."
