All-new 2017 Chrysler Pacifica Hybrid Awarded Northwest Automotive Press Association's 'Northwest Family Green Vehicle of the Year'

June 26, 2017, Auburn Hills, Mich. - The Northwest Automotive Press Association (NWAPA) named the [2017 Chrysler Pacifica Hybrid](#) as the Northwest Family Green Vehicle of the Year at its annual Drive Revolution green vehicle competition.

Members of NWAPA and journalists from across the nation recently gathered in Portland, Oregon – known for being a green vehicle hub – and tested 19 of the most energy-efficient and technically advanced vehicles on the road. The NWAPA Drive Revolution field included gasoline-electric models, plug-in hybrids, battery-electric vehicles and a hydrogen fuel cell vehicle.

“With its 33-mile electric-only range, the Pacifica Hybrid has plenty of range for most drivers’ daily commutes, plus ample room for families and all the stuff that they carry,” said NWAPA President John Vincent. “Journalists overwhelmingly picked the 2017 Chrysler Pacifica Hybrid as the Northwest Family Green Vehicle of the Year, recognizing the first hybrid minivan’s exceptional fuel economy as a groundbreaking way to extend family budgets.”

The 2017 Chrysler Pacifica reinvents the minivan segment with an unprecedented level of functionality, versatility, technology and bold styling. Re-engineered from the ground up on an all-new platform, the Pacifica delivers class-leading gasoline and hybrid powertrains to the minivan segment.

With more than 100 available safety and security features, the all-new Uconnect Theater rear seat entertainment system, and a full array of comfort and convenience technologies, the Chrysler Pacifica is a no-compromises minivan ideally suited for today’s families and has earned its spot as the most awarded minivan of 2016 and 2017.

The Pacifica Hybrid takes this revolutionary vehicle a step further with its class-exclusive, innovative hybrid powertrain. The Pacifica is the first electrified vehicle in the minivan segment and achieves 84 miles per gallon equivalent (MPGe) in electric-only mode and 33 miles of all-electric range.

Chrysler Brand

The Chrysler brand has delighted customers with distinctive designs, craftsmanship, and advanced innovation and technology since the company was founded in 1925. Chrysler continues to build on that nearly 100-year legacy of creating ingenious products and technologies for mainstream customers, moving forward on an electrified transformation that will launch the brand’s first battery-electric vehicle in 2025 and an all-electric portfolio in 2028.

The Chrysler Pacifica continues to reinvent the minivan, a segment Chrysler created 40 years ago. The Chrysler Pacifica Plug-in Hybrid symbolizes the brand’s electrification evolution, representing the first electrified minivan in the segment and achieving 82 MPGe, an all-electric range of 32 miles and a total range of 520 miles. Chrysler Pacifica delivers the most standard safety features and most advanced available all-wheel-drive system in its class and is also the most awarded minivan over the last seven years with more than 175 honors and industry accolades since its introduction as a minivan. Chrysler Voyager rejoins the lineup in 2025 as a budget-friendly minivan option.
