'Dodge Horsepower Challenge' Question #4 Released – With the Answer to Last Week's Question – Now on Dodge.com

- Fourth weekly “Dodge Horsepower Challenge” question, announced by professional athlete, pro wrestler and automobile aficionado Bill Goldberg, is now available online at Dodge.com
- The answer to Challenge #3 is also now available on Dodge.com; Answers are posted at Dodge.com one week from the Tuesday release date at 8 a.m. ET
- One clue per day (Tuesday through Saturday), in the form of hidden hashtags in imagery, will be given across the Dodge brand's [Twitter](#) and [Instagram](#) channels to help narrow down the multiple choice options
- Five lucky Dodge enthusiasts have the chance to take home a special-edition TorRed Dodge Challenger SRT Hellcat Redeye

November 26, 2019, Auburn Hills, Mich. - The answer to the third question in the “Dodge Horsepower Challenge,” in addition to the release of the fourth weekly challenge question, is now available online at Dodge.com. Dodge recently announced that it will welcome five new owners into the Brotherhood of Muscle with the “[Dodge Horsepower Challenge: 5 Weeks. 5 Questions. 5 Challengers](#),” which gives five consumers the chance to win one of five special-edition TorRed Dodge Challenger SRT Hellcat Redeye models. The key to being eligible to win a Challenger lies in answering at least one of the weekly multiple choice challenge questions correctly.

"We're getting closer to the finish line," said Tim Kuniskis, Global Head of Alfa Romeo and Head of Passenger Cars – Dodge, SRT, Chrysler and FIAT, FCA – North America. "As the Thanksgiving holiday dinner approaches, we're going to give you one more challenge to chew on and we invite you to share it with your family and friends in order to stir up the conversation."

Week 4 “Dodge Horsepower Challenge” Question (Nov. 26): [click here](#)

Online trolls drive us crazy saying that our cars are big, heavy and that they drive like boats. Well, our solution to everything is more horsepower.

Q. In 1921, the Dodge Brothers built a boat named the SS Delphine, with a whopping 3000 HP. How much horsepower would a Challenger SRT® Hellcat Redeye need to tow the SS Delphine to meet the industry standard SAE specs for the Davis Dam Grade Climb?

The answer to the third challenge question below, posed on November 19, is available now online at www.Dodge.com.

Q. If we recreated the scene from “Fast & Furious 7” and dropped a Challenger SRT Hellcat Redeye Widebody from a C-130 aircraft at 5,280 ft, how much horsepower would it take to drive past it before it hits the ground if you're one mile away?

A. To see the answer, [click here](#).

Consumers can visit the Dodge brand's [Twitter](#) and [Instagram](#) channels before attempting to answer the questions to discover clues in the form of hidden hashtags in imagery to help narrow down the multiple choice options, which are given once daily Tuesday through Saturday.

The “Dodge Horsepower Challenge: 5 Weeks. 5 Questions. 5 Challengers” consists of Bill Goldberg (professional

athlete, pro wrestler and automobile aficionado) providing horsepower-inspired challenge questions with multiple choice responses online at Dodge.com every Tuesday, beginning Nov. 5, for five weeks. Each week's new challenge question will launch on Tuesday at 8 a.m. ET and run through the following Monday at 11:59 p.m. ET. The answer to each week's challenge question will be available on Dodge.com one week from its release (that following Tuesday) at 8 a.m. ET.

Dodge//SRT

For 110 years, the Dodge brand has carried on the spirit of brothers John and Horace Dodge. Their influence continues today as Dodge, America's performance brand, shifts into high gear with a lineup that delivers unrivaled performance in each of the segments in which the brand competes while moving forward to a future that includes electrified muscle in the form of the next-generation, all-new Dodge Charger.

The next-generation Dodge Charger electrifies a legend, with the Charger retaining its title as the world's quickest and most powerful muscle car led by the all-new, all-electric 2024 Dodge Charger Daytona Scat Pack. The all-new Dodge Charger will also offer performance choices via multi-energy powertrain options including the 550-horsepower Dodge Charger SIXPACK H.O., powered by the 3.0L Twin Turbo Hurricane High Output engine.

Dodge also keeps its foot on the gas as a pure performance brand with the 710-horsepower Dodge Durango SRT Hellcat, the most powerful SUV ever, and best-in-class standard performance in the compact utility vehicle segment with the Dodge Hornet.

Dodge is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit www.stellantis.com.
