Mopar to Showcase a Jeep Performance Parts (JPP) Limited-edition Vehicle at Chicago Auto Show

January 23, 2020, Auburn Hills, Mich. - At the upcoming Chicago Auto Show, Mopar will showcase a Jeep Performance Parts (JPP) limited-edition vehicle. Mopar offers more than 200 Jeep Performance Parts: quality-tested parts and accessories specifically designed and engineered for off-road performance enthusiasts.

Mopar

Mopar is the global name for Stellantis genuine parts and authentic accessories.

A simple combination of the words MOtor and PARts, Mopar offers exceptional service, parts and customer-care. Born in 1937 as the name of a line of antifreeze products, Mopar has evolved over more than 85 years to represent both complete vehicle care and authentic performance for owners and enthusiasts worldwide.

Mopar made its mark in the 1960s during the muscle-car era with performance parts to enhance speed and handling for both on-road and racing use. Later, Mopar expanded to include technical service and customer support, and today integrates service, parts and customer-care operations in order to enhance customer and dealer support worldwide.
