- The new 2022 Jeep Compass arrives in dealerships fall 2021

July 14, 2021, Windsor, Ontario - The 2022 Jeep® Compass debuts with an authentic, new premium design and an all-new modern interior with advanced safety and security features, including semi-autonomous driving and a host of next-generation technologies, including a new 10.1-inch [Uconnect 5](#) touchscreen radio and a new available 10.25-inch frameless full-colour TFT cluster, to make it the most connected, technologically advanced Compass yet, with a starting Canadian manufacturer's suggested retail price (MSRP) of \$28,695 (all prices exclude \$1,995 destination).

"A hallmark of the Jeep brand is actively listening to our customers. With the new 2022 Jeep Compass, we stayed true to our roots by delivering unmatched Jeep 4x4 capability, a clear differentiator for any Jeep brand SUV in the market," said Jim Morrison, Vice President, Jeep Brand North America. "But we didn't stop at legendary Jeep capability. We also delivered an incredibly modern, spacious and technically advanced interior for this new Compass, packed with next-generation safety and technology."

The 2022 Jeep Compass has a starting Canadian MSRP of \$28,695 for front-wheel-drive vehicles and \$31,195 for 4x4 models. The lineup consists of five different trim configurations: Sport, North, Altitude, Limited and the rugged Trail Rated Trailhawk.

Pricing for the 2022 Jeep Compass:

- Sport – 4x2: \$28,695/ 4x4: \$31,195
- North – 4x4: \$34,095
- Altitude – 4x4: \$37,595 (late availability)
- Trailhawk – 4x4: \$38,195
- Limited – 4x4: \$39,095

The 2022 Jeep Compass is scheduled to start arriving in Jeep dealerships in the fall of 2021.

2022 Compass Sport

The Compass Sport boasts a new design and comes loaded with standard features at a starting Canadian MSRP of \$28,695 for front-wheel drive and \$31,195 for 4x4 models.

All trims, including Sport, feature an enhanced exterior design that combines premium craftsmanship with iconic Jeep styling. The front view has been resculpted to showcase a modern fascia, new signature seven-slot grille and restyled, slim LED headlamps. The lower grille is proportionally larger to maximize engine cooling, while adding distinct detail to its tailored appearance.

Once inside, the Sport model boasts a new, modern and spacious interior that provides double the storage capacity over previous generations and highlights next-generation technologies. The front cockpit has a prominent new design aesthetic, with a redesigned instrument panel and new slim HVAC vents.

Several new functional features include a streamlined cup holder and a redesigned shifter bezel with an integrated park brake. The new layout provides greater driver accessibility and allows for a more spacious front bin.

The Sport model also features the new five times faster Uconnect 5 system with a standard 8.4-inch high-definition touchscreen (largest standard entry-level touchscreen in its class). The system offers a customizable, one-touch home screen, five user profiles and standard wireless Apple CarPlay and Android Auto. To enhance connectivity, Sport models offer USB Type A and new Type C ports in the front row, which allow devices to charge up to four times faster. The second row offers passengers a standard USB Type A port.

Standard safety features include automatic LED reflector headlamps, rain-sensing windshield wipers, Hill-start Assist and ParkView rear backup camera with active grid lines.

Standard on the 4x4 Sport model is the Jeep Active Drive system that can provide as much as 100% of the engine's available torque to the rear wheels, enabling optimal grip in low-traction conditions. Included is the Jeep Selec-Terrain system, which provides up to three modes (Auto, Snow, Sand/Mud) for the best four-wheel-drive performance on or off road and in all weather conditions.

The Sport model is powered by the standard fuel-efficient 2.4-litre Tigershark four-cylinder engine with 177 horsepower, 172 lb.-ft. of torque and is mated to either a nine-speed automatic transmission (4x4) or six-speed automatic transmission (4x2). The engine also delivers up to 7.6 L/100 kilometres (37 miles per gallon highway) (4x2), a highway driving range of more than 640 kilometres (400 miles) and a maximum towing capacity of up to 907 kilograms (2,000 pounds) (4x4 models). Compass 4x4 models also feature a class-exclusive fully disconnecting rear axle and power-transfer unit (PTU) to provide enhanced fuel economy.

Sport also features standard 16-inch painted black wheels with all-season tires, heated, power adjustable mirrors, 3.5-in. thin-film transistor (TFT) cluster display, heated front cloth seats with manual six-way driver and passenger seats with driver height adjuster, steering wheel with mounted audio control and six-speaker audio system.

2022 Compass North

The Jeep Compass North model builds on the many standard features of the Sport model and starts at a Canadian MSRP of \$34,095 for 4x4 models.

The North model's interior features premium cloth/vinyl seats, heated leather-wrapped steering wheel, illuminated visors, leather shifter knob, all-season floor mats, reversible rear cargo mat and overhead ambient interior lighting.

Standard exterior features include 17-inch painted aluminum wheels, cornering front fog lamps, power Gloss Black mirrors with a heating element, black roof rails, deep tint sunscreen glass, body-colour door handles, windshield wiper deicer, remote engine start and remote proximity keyless entry.

Available next-generation safety features on the North model include Full-speed Forward Collision Warning with active brake and pedestrian/cyclist detection, Active Lane Management with LaneSense Lane Departure Warning with Lane Keep Assist, Advanced Brake Assist, Blind-spot Monitoring with Rear Cross Path detection, adaptive cruise

control, Parallel and Perpendicular Park Assist and 360-degree surround view camera.

Other available features for North include 10.1-inch digital Uconnect 5 touchscreen radio with navigation, 10.25-in. full-colour TFT digital cluster display, dual-zone automatic temperature control, power eight-way driver seat with power two-way lumbar adjuster, new wireless charging pad, new available second-row USB Type C port, 115-volt auxiliary power outlet, nine-speaker Alpine sound system, dual-pane panoramic sunroof, universal garage door opener, security alarm and a new hands-free, foot-activated power liftgate.

2022 Compass Altitude (late availability)

With a starting Canadian MSRP of \$37,595, the Compass Altitude 4x4 adds distinct appearance details, including Gloss Black aluminum wheels, Gloss Black exterior accents and badging, black roof, bright exhaust tips, leather seats in black with black accent stitching, Piano Black interior accents and black headliner.

The Altitude comes standard with the full-time Jeep Active Drive 4x4 system, the Jeep Selec-Terrain system and 18-inch aluminum painted Gloss Black wheels with all-season tires.

Interior features include leather, heated front seats, leather-wrapped heated steering wheel, eight-way power driver seat with two-way power lumbar adjustment, auto-dim rearview mirror and 115-volt auxiliary power outlet. The Altitude introduces a new frameless 10.25-inch full-colour TFT cluster – the largest in the segment. The customizable cluster has nearly two dozen different menus to choose from and is standard on Altitude and available on Trailhawk and Limited models.

The Altitude trim also introduces the new 10.1-inch digital Uconnect 5 touchscreen radio with navigation, the largest standard touchscreen in its segment. The infotainment system is encapsulated in a bonded glass lens for a seamless, high-tech appearance.

Available next-generation safety features on the Altitude model include Full-speed Forward Collision Warning with active brake and pedestrian/cyclist detection, Active Lane Management with LaneSense Lane Departure Warning with Lane Keep Assist, Advanced Brake Assist, Blind-spot Monitoring with Rear Cross Path detection, adaptive cruise control, Parallel and Perpendicular Park Assist and 360-degree surround view camera.

Other available features for Altitude include premium LED fog lamps, dual-zone automatic temperature control, wireless charging pad, second-row USB Type C port, nine-speaker Alpine sound system, dual-pane panoramic sunroof, universal garage door opener, security alarm and hands-free, foot-activated power liftgate.

2022 Compass Trailhawk

Built for both on- and off-road adventures, the Trail Rated Compass Trailhawk 4x4 model has a starting Canadian MSRP of \$38,195.

The Trailhawk model adds Jeep Active Drive Low 4x4 system, which builds on the Jeep Active Drive system and affords a 20:1 crawl ratio and low range for 4x4 Trail Rated capability. Trailhawk also adds an exclusive Selec-Terrain Rock mode, increased ride height of almost 2.5 cm (1 in.), 21.8 (8.6 in.) of ground clearance, water fording up to 48.2 cm (19 in.), high-strength steel skid plates, signature red front and rear tow hooks, 17-inch aluminum wheels and rugged, all-season performance tires.

For even greater Trail Rated off-road capability, Selec-Terrain includes Hill-descent Control on Trailhawk models. Hill-descent Control allows drivers to control vehicle speed down steep, rugged grades without the need for throttle or brake pedals.

The exterior features a signature look for this Jeep performance model, with a new signature red and black anti-glare hood decal. A refreshed upper fascia showcases a striking matte black grille with new rugged “Jeep Teeth.” The middle grille is larger than its on-road counterpart to maximize airflow.

Advanced safety technologies and cameras are positioned higher within it, out of harm's way. Adding to its menacing new look, the middle grille blends seamlessly into the matte black lower fascia that showcases larger integrated fog

lamp bezels. And a new front skid plate reinforces the Trailhawk's 30-degree approach angle, a competitive off-roading trait for which Jeep vehicles are known.

Trailhawk comes equipped with ample standard safety and security features, including Full-speed Forward Collision Warning with active brake and pedestrian/cyclist detection, Active Lane Management with LaneSense Lane Departure Warning with Lane Keep Assist, Advanced Brake Assist, Blind-spot Monitoring with Rear Cross Path detection and more. The Trailhawk model also introduces new available advanced driver-assist systems. Highway Assist (late availability) delivers hands-on-wheel and eyes-on-road automated driving. The Traffic Sign Recognition feature displays supplemental speed limit sign information. Available on Trailhawk is adaptive cruise control, ParkSense front and rear park assist system, Parallel and Perpendicular Park Assist system and 360-degree surround view camera.

Standard on Trailhawk is the new hands-free, foot-activated power liftgate for added convenience. Other available features on Trailhawk include premium LED lighting, premium leather bucket seats, power eight-way front-row seats with power two-way lumbar adjuster, driver memory seat, heated and ventilated front-row seats, heated second-row seats, wireless charging pad, 10.25-inch full-colour TFT cluster, 10.1-in. Uconnect 5 radio with navigation, second-row USB ports, dual-pane panoramic sunroof and premium Alpine nine-speaker sound system.

2022 Compass Limited

For customers seeking premium materials and advanced features, the Compass Limited 4x4 starts at a Canadian MSRP of \$39,095.

The Limited model debuts with a new black and Steel Grey interior with wrapped Sepia accents. The driver and front passenger door trim panels are soft to the touch with contrast stitching that matches the Steel Grey seats. The remainder of the interior is lightly accented with Burnished Copper stitching.

The Limited features premium interior appointments, such as heated, leather-wrapped steering wheel with Satin Chrome Silver accents, power eight-way driver seat with power two-way lumbar adjuster, luxury leather heated front seats, dual-zone automatic temperature control, illuminated front map pockets and door handles, rearview auto-dimming mirror, 7-inch full-colour driver and a 10.1-inch digital Uconnect 5 touchscreen radio.

Exterior touches include 18-inch aluminum diamond cut wheels with Gloss Black pockets, Bright Chrome and silver painted accents, Gloss Black roof, Bright Chrome roof rails, rain-sensing wipers, power adjustable, heated mirrors with side marker, black painted roof and windshield wiper deicer.

Available advanced driver-assist systems include Highway Assist, Traffic Sign Recognition, Parallel and Perpendicular Park Assist, adaptive cruise control, ParkSense front and rear park assist system and 360-degree surround view camera. Standard on Limited is Full-speed Collision Warning with active brake and pedestrian/cyclist detection, Active Lane Management with LaneSense Lane Departure Warning with Lane Keep Assist, Advanced Brake Assist, Blind-spot Monitoring with Rear Cross Path detection and Pedestrian/Cyclist detection.
