Canada: Jeep® Wrangler Unleashes \$4,995 Xtreme Recon Package with 35-inch Tires at 2021 Chicago Auto Show

Sunrider Flip Top for Hardtop also now available on all Jeep Wrangler models

- Jeep® Wrangler Xtreme Recon package offers 35-inch tires straight from the factory, delivering best-in-class approach angle, departure angle, ground clearance and water fording capability
- Customer orders now open for Xtreme Recon Package, with production starting at the Toledo (Ohio, USA) Assembly Plant in August
- Industry-first 100:1 crawl ratio from the factory available for order on the Wrangler Rubicon later this year
- New Sunrider Flip Top for Hardtop offers an appealing option for iconic open-air freedom from Wrangler

July 14, 2021, Windsor, Ontario - Today at the 2021 Chicago Auto Show, the Jeep® brand demonstrated again its legendary 4x4 capability, go-anywhere attitude and open-air freedom, announcing two updates to the 2021 Wrangler, including the new Xtreme Recon Package with 35-inch tires and Sunrider Flip Top for Hardtop.

“As an icon built around 80 years of unmatched 4x4 capability, the Wrangler has always pushed the limit of what a Jeep can do off road, and the new Xtreme Recon Package with 35-inch tires straight from the factory pushes that limit even further,” said Jim Morrison, Vice President, Jeep Brand North America. “While the Xtreme Recon Package sets the benchmark for 4x4 capability, the easy-to-use Sunrider Flip Top for Hardtop fortifies Wrangler’s open-air spirit.”

Priced at a Canadian manufacturer’s suggested retail price (MSRP) of \$4,995 the new Jeep Wrangler Xtreme Recon Package includes:

- LT315/70R17C (35-inch) BF Goodrich KO2 all-terrain tires
- 17-inch by 8-inch beadlock capable wheels
- Swing gate reinforcement
- 4.56:1 axle ratio
- 3.8 centimetre (1.5-inch) factory suspension lift with uniquely tuned shocks

The results: Best-in-class approach angle, departure angle, ground clearance and water fording capability:

- Approach angle – 47.4 degrees
- Breakover angle – 26.7 degrees
- Departure angle – 40.4 degrees
- Ground clearance – 32.7 cm (12.9 inches)
- Water fording – 85.3 (33.6 inches)

Canadian customers can now order the Jeep Wrangler Xtreme Recon package on the Wrangler Rubicon Unlimited 3.6-litre automatic with eTorque. Production at the Toledo (Ohio, USA) Assembly Plant will start in August.

A new 4.88:1 axle ratio will be available on the Jeep Wrangler Rubicon later in 2021. When paired with the six-speed manual transmission, this optional axle ratio delivers a best-in-class 100:1 crawl ratio for increased wheel torque and control when navigating off-road obstacles. The 4.88:1 axle ratio will be available for ordering later this year on Wrangler Rubicon two-door and four-door models equipped with the 3.6-litre V-6 engine.

Sunrider Flip Top for Hardtop

Available on all Wrangler models, the new Sunrider Flip Top for Hardtop offers a front-row soft top that quickly and easily flips back for an enhanced open-air driving experience. Priced at a Canadian MSRP of \$1,125, the Sunrider Flip Top for Hardtop is constructed from ultra-premium black twill fabric common on many high-end luxury convertibles, making it capable of protecting against inclement weather. The new ready-to-install top comes with

mounting rails and hardware included and easily installs in place of the hardtop Freedom panels.

Jeep Brand

Built on 80 years of legendary heritage, Jeep is the authentic SUV with capability, craftsmanship and versatility for people who seek extraordinary journeys. The Jeep brand delivers an open invitation to live life to the fullest by offering a full line of vehicles that continue to provide owners with a sense of security to handle any journey with confidence. To coincide with the launch of the all-new 2021 Jeep® Grand Cherokee L, the Jeep brand is launching the Jeep Wave™ premium owner loyalty program in Canada. Jeep Wave will provide benefits and exclusive perks to deliver owners the utmost care and dedicated support.

The Jeep vehicle lineup consists of the Cherokee, Compass, Gladiator, Grand Cherokee, Renegade and Wrangler. To meet consumer demand around the world, all Jeep models sold outside North America are available in both left- and right-hand drive configurations and with gasoline and diesel powertrain options. Jeep is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit www.stellantis.com.
