The Dodge Durango continues to demonstrate its proven performance with a combination of uncompromised utility, advanced technology, class-leading towing, confident driving dynamics and iconic styling. With the ability to seat up to seven in its three rows of seats, the Durango maintains its claim of being a family-friendly SUV equipped with Dodge muscle car attitude.

“Our new, limited-edition Mopar '22 Durango features exclusive Mopar performance parts and accessories.” said Mark Bosanac, North America vice president, Mopar Service, Parts & Customer Care. “Unlike any other aftermarket offerings, our performance parts and accessories are jointly developed and quality tested with the product engineering team and they are backed by the factory.”

Mopar

Next year marks the 85th anniversary of Mopar.

A simple combination of the words MOTO and PARTS, Mopar offers exceptional service, parts and customer-care.

Born in 1937 as the name of a line of antifreeze products, Mopar has evolved over nearly 85 years to represent both complete vehicle care and authentic performance for owners and enthusiasts worldwide.

Mopar made its mark in the 1960s during the muscle-car era with performance parts to enhance speed and handling for both on-road and racing use. Later, Mopar expanded to include technical service and customer support, and today integrates service, parts and customer-care operations in order to enhance customer and dealer support worldwide.
