Stellantis Expands and Enhances Parts Business in North America

- Introduces bproauto as competitively priced, private-label replacement parts
- New parts line complements Mopar, the global original-equipment parts and authentic accessories brand for Stellantis
- Proven second-line brand of high-quality aftermarket parts costs less than original-equipment (OE) offerings and are backed by a standard two-year/unlimited-mile warranty
- 30 parts categories will be available from a comprehensive, quality-tested and competitively priced product portfolio
- Reliable bproauto parts are designed for optimal performance on most makes and models from old to new, domestic to import
- See bproautoparts.com for more information or contact a local Chrysler, Dodge, Jeep®, Ram or FIAT dealership
- Mopar remains global original-equipment parts and authentic accessories brand for Stellantis
- Launch of bproauto helps address a key pillar outlined in the Stellantis Dare Forward 2030 strategic plan — to grow sales in the independent aftermarket

August 8, 2023, Auburn Hills, Mich. - To further enhance and expand its replacement parts and service business in North America, Stellantis today announced the bproauto aftermarket parts brand as its new line of high-quality, competitively priced, replacement parts.

Following decades of success in Europe and other international markets, including the Middle East and South America, the newly introduced bproauto parts portfolio is available for most makes and models to help combat the rapidly changing aftermarket and the long-term shift to electrification as vehicles and their components are becoming increasingly complex and digital. These original-equipment-backed parts come with up to a two-year/unlimited-mile warranty. In addition, batteries have up to two-year, free replacement coverage and brake pads carry a limited lifetime warranty.

“With the introduction of bproauto, we’re further enhancing the customer experience by offering a new, competitively priced, private label line of high-quality, factory-backed parts for most makes and models,” said Mike Koval, head of Mopar North America. “While Mopar will remain the global original-equipment parts and authentic accessories brand for Stellantis, bproauto will offer an alternative for nearly all brands and all cars – new, used, owned, rented or shared. With Mopar and bproauto, our dealerships offer a 360-degree, multi-brand, one-stop-shop solution for nearly all customers, all vehicles and all brands.”

In North America, 30 parts categories will be available for most makes and models to support the ongoing transition of the automotive repair industry. Additional product lines will phase into the Stellantis dealership network.

The following parts are available now from bproauto:

- Air filters
- Batteries
- Brake pads
- Brake rotors
- Hub bearings

- Oil and oil filters
- Tire-pressure monitoring systems

Additional high-quality products coming from bproauto will include:

ABS sensors	Ignition coils
A/C compressors	Lubricants
A/C condensers	O ₂ sensors
A/C evaporators	Radiators
Alternators	Shocks
Ball joints	Spark plugs
Battery cables	Spark plug wires
Brake calipers	Starters
Brake hardware	Struts
Bulbs	Taillamps
Chemicals	Thermostats
Control arms	Tie-rod ends
Filtration: cabin and transmission	Timing belts/tensioners
Fuel injectors	U-joints
Fuel pump modules	Water pumps
Functional fluids	Wiper blades
Headlamps	

bproauto

bproauto[®] is the OE-backed auto parts brand delivering high-quality products for most makes and models to

Experts in advanced technology, bproauto is focused on maintaining a reliable supply of advanced parts now, plus the new, high-tech parts emerging every day in an evolving aftermarket industry. For more information, visit bproautoparts.com.

Mopar

Mopar is the global name for Stellantis genuine parts and authentic accessories.

A simple combination of the words MOrtor and PARts, Mopar offers exceptional service, parts and customer-care. Born in 1937 as the name of a line of antifreeze products, Mopar has evolved over more than 85 years to represent both complete vehicle care and authentic performance for owners and enthusiasts worldwide.

Mopar made its mark in the 1960s during the muscle-car era with performance parts to enhance speed and handling for both on-road and racing use. Later, Mopar expanded to include technical service and customer support, and today integrates service, parts and customer-care operations in order to enhance customer and dealer support worldwide.
