

2023 Unifor Labour Negotiations Statement

August 10, 2023, Windsor, Ontario - Stellantis and Unifor have a long-standing history of working together. Collectively, our focus will be on negotiating an agreement that will ensure our future competitiveness in today's rapidly changing global market, with good benefits and wage increases that reward the contributions of our represented workforce now and for generations to come. This is a significant time in the industry as we make the transition to electrification, and we must approach negotiations with a vision for the future. Stellantis has announced investments of over \$8.6 billion in Canada over the last 18 months, with more than 3,000 new jobs and an anticipated return of the third shift at its Windsor and Brampton assembly plants. During negotiations, both parties must continue to work together and find creative solutions that meet the needs of today's workforce while maintaining efficient and productive workplaces.
