Canada: 2024 Wagoneer Fact Sheet

November 16, 2023, Windsor, Ontario - The 2024 Wagoneer builds on a rich legacy of premium American craftsmanship, heritage and refinement while offering unparalleled comfort and legendary 4x4 capability. Three available 4x4 systems include Quadra-Trac I, Quadra-Trac II and Quadra-Drive II. With standard Selec-Terrain traction management system, which adjusts shift patterns, engine performance and torque distribution for maximum traction on tough roads, Quadra-Drive II features a rear electronic limited-slip differential (eLSD) that delivers industry-leading tractive capability. Covering the heart of the large SUV market, Wagoneer offers an advanced twin-turbo powertrain with first-rate driving dynamics and composed capability.

The epitome of American comfort and craftsmanship, Wagoneer's interior exudes refinement and elegance, offering a spacious third row as standard with seating for up to eight and best-in-class overall passenger volume and best-in-class second- and third-row legroom with the most cargo volume behind the third row. Leading-edge technologies, including the advanced Uconnect 5 system, available Head-up Display, 360-degree surround view camera, up to 127 centimetres (50 inches) of total screen surface (limited availability), available Amazon Fire TV Built-In and McIntosh audio system, offer an unmatched selection of premium interior features. Combining these attributes with strong SUV credentials, including best-in-class towing capability of up to 10,000 pounds (4,535 kilograms), the Wagoneer builds on the original SUV by defining the next generation of an American icon.

What's New

- Hurricane Twin Turbo I-6 engine, delivering 420 horsepower and 468 lb.-ft. of torque, is standard across Wagoneer lineup, including on base 2024 Wagoneer

Highlights

- Hurricane Twin Turbo I-6 engine sets benchmark for power and efficiency in large SUV segment:
