What's New for 2025: Jeep® Compass

July 24, 2024, Auburn Hills, Mich. - The 2025 Jeep® Compass delivers legendary 4x4 performance standard across the entire lineup, plus comfort and functionality with premium styling and craftsmanship inside and out. The 2.0-liter, direct injection, turbocharged, inline four-cylinder engine delivers best-in-class standard horsepower and torque, as well as premium on-road manners. The most technologically advanced Jeep Compass ever offers an array of advanced safety and security features, including an available semi-autonomous driving system, parallel and perpendicular park assist, Traffic Sign Recognition and a 360-degree surround view camera system.

Standard safety and security features on all trims include Drowsy Driver Detection, Pedestrian Automatic Emergency Braking, Active Lane Management, Blind-spot Monitoring and Rear Cross Path detection. Next-generation technologies offered on Compass include an available 10.25-inch frameless full-color thin-film transistor (TFT) digital cluster – one of the largest in the segment, 10.1-inch digital infotainment touchscreen, the award-winning Uconnect 5 with standard wireless Apple CarPlay and Android Auto and an available wireless charging pad.

New for 2025

- Latitude adds standard heated seats, heated steering wheel and remote start
- New limited-edition Joose exterior color (late availability)

Highlights:

- The 2.0-liter direct injection turbocharged inline four-cylinder engine for Compass is rated at 200 horsepower and 221 lb.-ft. of torque (best-in-class standard horsepower and torque) and is mated to a highly efficient, eight-speed automatic transmission. Standard on all trims, benefits of the engine include outstanding fuel economy with engine stop-start (ESS) technology, low emissions, quick 0-60 mph launch performance and enhanced drivability
- Legendary 4x4 performance is standard across the entire lineup:
 - Jeep Active Drive 4x4 system standard on all models (Trailhawk equipped with Jeep Active Drive Low 4x4 system with a class-leading 20:1 crawl ratio)
- Standard Selec-Terrain provides up to four modes for the best four-wheel-drive performance in any weather condition (Auto, Snow, Sand/Mud modes standard on all models; Trailhawk model gains Rock mode)
- Jeep Compass features an enhanced exterior design that combines premium craftsmanship with iconic Jeep styling. The recent restyling of several signature components provides distinguished new looks that celebrate both on-road sophistication and off-road grit
- Advanced LED lighting technology improves visibility. Front LED reflector headlamps are standard on all models; premium LED projector headlamps and taillamps are available on Latitude, Limited and Trailhawk models; LED fog lamps are available on Latitude and above
- Sophisticated exterior styling with the High Altitude Edition delivers body-color painted front and rear lower fascias with Neutral Grey accents, painted side flares, dual-pane panoramic sunroof, a full suite of premium LED lighting and stylish 19-inch painted Granite Crystal aluminum wheels. Exterior paint colors on the High Altitude Edition include Diamond Black, Bright White and Silver Zynith
- Class-exclusive fully disconnecting rear axle and power-transfer unit (PTU) provide 4x4 models with enhanced fuel economy
- Trailhawk provides legendary Trail Rated 4x4 capability with:
 - Standard Jeep Active Drive Low 4x4 class-leading 20:1 crawl ratio
 - One-inch factory lift, skid plates, aggressive off-road tires, and Jeep signature red front and rear tow hooks

- 30-degree approach angle, 24-degree breakover angle and 34-degree departure angle
- Hill-descent Control
- Up to 19 inches of water fording
- Up to 2,000-lb. towing capability (when properly equipped)
- More than 80 standard and available safety and security features – the most available features in its class:
 - Advanced safety and next-generation technology, including Drowsy Driver Detection, rear seat reminder alert and security alarm, is standard on all trims
- Next-generation Uconnect 5 infotainment system with operating speeds that are five times faster and standard Apple CarPlay and Android Auto capability:
 - 10.1-inch Uconnect 5 high-definition touchscreen radio (standard on Latitude, Limited and Trailhawk)
- Available full-color 10.25-inch frameless digital TFT gauge cluster, one of the largest in the class
