Nailed It: Dodge Reveals 2025 Dodge Durango SRT Hellcat Hammerhead Special-edition Model

- Dodge continues to celebrate two decades of HEMI®-powered Dodge Durango vehicles with new 2025 Dodge Durango SRT Hellcat Hammerhead special-edition model
- Durango SRT Hellcat Hammerhead follows first two limited-production, special-edition Durango models: [2025 Dodge Durango SRT Hellcat Silver Bullet](#) and [Dodge Durango R/T 20th Anniversary](#)
- Durango SRT Hellcat Hammerhead, the second special-edition model of the Durango SRT Hellcat, takes its name from distinctive Hammerhead Grey leather interior
- Hammerhead Grey interior is balanced by deep, dark blue Night Moves exterior color
- Unique content highlights of the Durango SRT Hellcat Hammerhead include Hammerhead Grey Laguna leather seats, sepia SRT Hellcat logo embroidered on seatbacks, Satin Black painted hood, Satin Carbon 20-inch wheels and more
- Durango SRT Hellcat Hammerhead, fueled by the supercharged 6.2-liter HEMI Hellcat V-8 engine, reaches 0 to 60 mph in 3.5 seconds and covers the quarter-mile in an elapsed time of 11.5 seconds
- Premium standard content includes 10.1-inch touchscreen with navigation, wireless Apple CarPlay and Android Auto, wireless charging, 19-speaker Harman Kardon system, sunroof and more
- Interactive [Dodge Horsepower Locator](#) tool at [DodgeGarage.com](#) will enable customers to identify nearby dealers with Dodge Durango special-edition models in stock
- 710-horsepower Durango SRT Hellcat special-edition models qualify for \$10 per horsepower cash allowance under the Dodge Power Dollars program
- All three 2025 model-year Durango special-edition models are available now for ordering at dealerships

September 9, 2024, Auburn Hills, Mich. - The Dodge brand continues to fuel horsepower-hungry HEMI® lovers with the introduction of a new special-edition model of the most powerful SUV ever: the 710-horsepower 2025 Dodge Durango SRT Hellcat Hammerhead.

“The new Dodge Durango SRT Hellcat Hammerhead continues the celebration of a potent combination: the legendary HEMI engine and the Dodge brand’s three-row performance SUV,” said Matt McAlear, Dodge brand CEO. “Dodge is America’s performance brand, and we plan to continue to celebrate that legacy at every turn.”

The HEMI engine was first offered as an option for the Durango in the 2004 model year, with full production of the HEMI-powered Durango commencing in 2004. Dodge kicked off the celebration last month with the rollout of the first two special-edition vehicles: the [2025 Dodge Durango SRT Hellcat Silver Bullet](#) and [Dodge Durango R/T 20th Anniversary](#) models.

All three 2025 Dodge Durango special-edition models are available now for ordering at dealerships and will be available only in a limited-production run. The 710-horsepower Durango SRT Hellcat special-edition models qualify for the \$10 per horsepower cash allowance under the Dodge Power Dollars program. Enthusiasts can find their own Dodge Durango special-edition model using the interactive [Dodge Horsepower Locator](#) tool at [DodgeGarage.com](#).

The Horsepower Locator allows customers to identify a nearby dealer with a Durango special-edition model in stock, with the list of available vehicles refreshed weekly as dealer allocation is updated. Dealer information and a link to the dealer website is also provided to make reaching out and placing orders with dealers easy.

2025 Dodge Durango SRT Hellcat Hammerhead

The 2025 Dodge Durango SRT Hellcat Hammerhead, the second special-edition model of the Durango SRT Hellcat, earns its moniker thanks to its bright Hammerhead Grey Laguna leather interior seating, balanced by the deep, dark blue Night Moves exterior color.

Unique features that turn the Durango SRT Hellcat Hammerhead into a special-edition standout include:

- Hammerhead Grey Laguna leather seats
- Sepia SRT Hellcat logo embroidered on seatbacks
- 20-by-10-inch Satin Carbon wheels
- Satin Black painted hood
- Bright exhaust tips
- Black six-piston Brembo brake system
- Premium wrapped instrument panel
- Forged carbon-fiber with light black chrome interior accents
- Leather and suede steering wheel featuring silver/sepia stitching
- Dual silver/sepia accent stitching throughout the interior
- Suede headliner

The 2025 Dodge Durango SRT Hellcat Hammerhead is fueled by the supercharged 6.2-liter HEMI Hellcat V-8 engine, which drives the Durango from 0 to 60 mph in 3.5 seconds, covers the quarter-mile in an elapsed time of 11.5 seconds and reaches a top speed of 180 mph. The HEMI Hellcat is paired with a TorqueFlite 8HP95 eight-speed automatic transmission that includes steering-wheel-mounted paddles for manual-style shifting.

The Durango SRT Hellcat Hammerhead offers seven available Drive modes – Auto, Sport, Track, Snow, Tow, Eco and Valet. Standard SRT Performance Pages provide information on vehicle performance, including timers, g-force, gauges, engine and dyno readouts. Configurable Drive Modes provide more vehicle control and Race Options allow the driver to activate, deactivate and adjust the rpm values for Launch Control and Shift Light features.

As with previous Durango special-edition models, the unique content included on the Durango SRT Hellcat Hammerhead is just the cherry on top of a stout lineup of premium standard features, including:

- 10.1-inch touchscreen with navigation, wireless Apple CarPlay and Android Auto
- Wireless charging
- 19-speaker Harman Kardon system with an 825-watt amplifier
- Second-row console with armrest
- Sunroof
- Suite of standard ADAS features including Blind-spot Monitoring with Trailer Detect, Forward Collision Warning with Active Braking, Adaptive Cruise Control with Stop and more

The 2025 Dodge Durango SRT Hellcat Hammerhead will be available at a starting U.S. manufacturer's suggested retail price (MSRP) of \$113,720 (excluding destination charge).

Dodge//SRT

For 110 years, the Dodge brand has carried on the spirit of brothers John and Horace Dodge. Their influence continues today as Dodge shifts into high gear with a lineup that delivers unrivaled performance in each of the segments in which the brand competes while moving forward to a future that includes electrified muscle in the form of the next-generation, all-new Dodge Charger.

The next-generation Dodge Charger electrifies a legend, with the Charger retaining its title as the world's quickest and most powerful muscle car led by the all-new, all-electric 2024 Dodge Charger Daytona Scat Pack. The all-new Dodge Charger will also offer performance choices via multi-energy powertrain options including the 550-horsepower Dodge Charger SIXPACK H.O., powered by the 3.0L Twin Turbo Hurricane High Output engine.

Dodge also keeps its foot on the gas as a pure performance brand with the 710-horsepower Dodge Durango SRT Hellcat, the most powerful SUV ever, and best-in-class standard performance in the compact utility vehicle segment with the Dodge Hornet.

Dodge is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more
