What's New for 2025: Alfa Romeo Tonale

September 25, 2024, Auburn Hills, Mich. - The 2025 Alfa Romeo Tonale symbolizes the metamorphosis – “La Metamorfoosi” – of the legendary Alfa Romeo brand, highlighted by a new era of luxury, electrification and connectivity while remaining true to its race-inspired DNA.

As the first C-SUV from Alfa Romeo, Tonale blends more than 110 years of heritage with electrifying performance from its plug-in hybrid powertrain that delivers 33 miles (53 kilometers) of pure electric range, best-in-class 285 horsepower and 347 lb.-ft. of torque. Tonale also features a variety of advanced driver assistance systems, Uconnect 5, a connectivity platform with Alfa Connect, modern Italian styling and exhilarating driving dynamics from a rapid-response dual mode active suspension system.

The 2025 Alfa Romeo Tonale evolves from three trims to one core version with available Veloce, Active Assist and Premium packages and additional options for simplified ordering.

New limited-production Tributo Italiano special edition is introduced for Tonale. Tributo Italiano exterior features include body-color-painted kit, 20-inch Grigio wheels, red Brembo calipers, dual chrome exhaust, Gloss Black daylight opening (DLO), hands-free power liftgate, aluminum door sills and black-painted roof. Inside, premium touches include driver seat memory, Harman Kardon audio system and perforated leather seats with red accents. The Tributo Italiano is also available with the new Active Assist Package and moonroof.

What's New for 2025

- One core version replaces Sprint, Ti and Veloce trims
- Limited-production Tributo Italiano special edition

Highlights

- Tonale features unmistakable Italian design, extraordinarily faithful to the 2019 concept from which it draws its origins, with a host of innovative, customer-focused features
- Tonale's "3+3" headlight design with full LED evokes the proud look of the SZ Zagato and the Proteo concept car. The three modules make up a unique frontline for the car and simultaneously provide daylight, dynamic turn signals and a "welcome and goodbye" feature (activated every time the driver turns the car on or off) to ensure the best lighting conditions
- The taillights take on the same design cues as the headlights and form a sine curve that fully wraps around the rear of the car, making it a unique and distinctive light signature
- Tonale features standard Uconnect 5 on a 10.25-inch center touchscreen and 12.3-inch driver's cluster screen – a best-in-class offering:
 - Alfa Connect with global services delivery platform with greater over-the-air (OTA) capability
 - The infotainment system builds upon a well-established, intuitive user experience (UX) with the Android automotive operating system
 - Standard wireless Apple CarPlay, wireless Android Auto and wireless charging
 - Exclusive, customizable home screen allows quick access to frequently used features with one-touch operation
 - Alexa home-to-car and car-to-home functionality includes in-vehicle Alexa virtual assistant with natural voice capability
- Technology in the name of safety comes standard, with a host of advanced driver assistance systems:
 - Adaptive Cruise Control-Plus and Traffic Sign Recognition
 - Blind-spot Monitoring and Rear Cross Path detection
 - Full-speed Forward Collision Warning-Plus with Full Stop

- Driver Attention Alert and rear seat reminder
- Lane Departure Warning with Lane Keep Assist
- Available level 2 autonomy with Traffic Jam Assist
- Dual-mode active suspension system is the benchmark in driving dynamics for the segment

Upscale interior with premium content

- Inspired by Alfa Romeo's racing history, the interior is strongly focused on the driver, with easy access to all controls for a safe, unparalleled driving experience. The same care is reserved for the passengers, who are given the ideal space to travel in comfort. This results in an environment designed for and around the occupants, characterized by meticulous attention to detail paired with a constant quest for the highest quality
- The Tonale's interior arouses real emotions, not to mention that it features the latest technology, ensuring a connected and comfortable experience, while maintaining the pleasure of a sporty drive that always remains in the lead. Everything is focused on the driver, but also considers the comfort of passengers. Unique patterns, logos and colors point to Alfa Romeo. The sporty and high-tech environment with the cool solidity of aluminum and the warmth and softness of leather and Alcantara suede reflect the personality of a young, metropolitan and dynamic customer

Powertrain

- State-of-the-art, plug-in hybrid (PHEV) electric vehicle technology: unique and exclusive technical solutions, created by Alfa Romeo to enhance Tonale's performance
- Alfa Romeo paradigm: electrification serves the brand with the mission of reinventing sportiness for the 21st century
- Q4 AWD PHEV with a six-speed automatic transmission combines a 15.5-kWh lithium-ion battery with a 90-kW electric motor and 1.3-liter turbocharged four-cylinder engine to deliver best-in-class 285 horsepower, 347 lb.-ft. of torque and an electric range of 33 miles (53 kilometers)
- Alfa Romeo DNA: fully integrated driving application delivers optimized maneuvering and performance with four modes of operation:
 - Dual power/Dynamic
 - Natural
 - Advanced Efficiency
 - ESC off

Standard safety & convenience features

- Uconnect 5, 10.25" radio with navigation
- 12.3" cluster TFT
- Adaptive cruise control
- Blind-spot Monitoring and Rear Cross-Path detection

Alfa Romeo

Born in 1910 in Milan, Italy, Alfa Romeo has designed and crafted some of the most stylish and sporty cars in automotive history. That tradition lives on today as Alfa Romeo continues to take a unique and innovative approach to automobiles. The Alfa Romeo Stelvio sets a benchmark in performance, style and technology in an SUV. The award-winning Alfa Romeo Giulia delivers race-inspired performance, advanced technologies and an exhilarating driving experience to the premium midsize sedan segment. In early 2023, Alfa Romeo will offer its first compact SUV with the all-new Tonale. The globally available Tonale is part of a radical evolution taking place at Alfa Romeo, which looks ahead to a new era of electrification and connectivity. Alfa Romeo is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis.
