**Etobicoke Casting Plant**

15 Brown's Line , Toronto, Ontario, Canada

**Floor Space:** 284,000 square feet

**Acreage:** 27 acres

**Products:** Aluminum die castings for a variety of Chrysler, Jeep®, Dodge and Ram vehicles

**Employment:** 256 (203 hourly; 53 salaried) on three shifts

**Union Local:** Unifor Local 1459

**Plant History:** Facility was built in 1942 and purchased by Chrysler Corporation in 1964. Major expansions were implemented in 1965 and 1998. In August 2010, the Company announced it would invest \$27.2 million to produce front and rear crossmembers for future vehicles.

On [Aug. 1, 2022](#), Stellantis announced a \$99 million dollar total investment for three North American plants for production of a new 1.6-liter, I-4 turbocharged engine that has both direct fuel injection and flexibility for hybrid-electric vehicle (HEV) applications. Nearly \$2 million will be invested at Etobicoke to support the development and installation of new tooling and equipment upgrades for production of the oil pan for the engine.
