2007 Dodge Caravan/Grand Caravan – 22 Years of Sales and Innovation Leadership

August 31, 2006, Auburn Hills, Mich. -

For the 22nd year in a row, the Dodge Caravan/Grand Caravan was the U.S. minivan market segment sales leader, with 226,771 units sold in 2005 calendar year. With the industry's only fold-in-the-floor second- and third-row Stow 'n Go® seating and storage system, safety and security features including a minivan-first inflatable knee blocker, Door Alert, available supplemental three-row side-curtain air bags, a five-star front and side-impact rating from the National Highway Traffic Safety Administration (NHTSA) and value for the consumer, the Dodge Caravan continues to lead the way.

“WHAT’S NEW FOR 2007”

Exterior

- Two new exterior color offerings: Modern Blue Pearl Coat and Marine Blue Pearl Coat

DESIGN

“The 2007 Dodge minivans make a bold styling statement without compromising our time-tested minivan formula,” said Joe Dehner, Director – Exterior Design, Chrysler Group. “In short, we’ve made the best-selling minivan in the marketplace the best-looking, while staying true to the minivan formula of a garageable vehicle designed from the inside out.”

The 1984 introduction of the modern minivan by the Chrysler Group changed the way people thought about family transportation. Designed with a formula that has proven to be successful for 22 years, the 2007 Dodge Caravan/Grand Caravan continues to embrace the original minivan formula with some modern enhancements.

The 2007 Dodge Caravan stays true to the original design formula of a garageable van designed from the inside out. With easy entry and exit; chair-height seating; a low, flat floor; flexible seating options with the Stow 'n Go seating and storage system; and a plethora of safety and convenience features, the Dodge Caravan has matured into a pleasant, useful vehicle.

The Dodge Caravan/Grand Caravan is instantly recognizable as a Dodge by its bold styling and distinctive U-shaped grille that has become the “face” of Dodge.

ENGINEERING

“Our industry-exclusive Stow 'n Go seating and storage system has ensured the Dodge Caravan remain the minivan sales leader,” said Larry Lyons, Vice President – Front-Wheel Drive Product Team. “Our engineers did a great job designing a system that allows both the second- and third-row seats to easily fold into the floor without sacrificing a quiet ride. Stow 'n Go gives our customers the ultimate in interior flexibility.”

MARKETING

“Dodge Caravan has been the sales leader for 22 consecutive years by combining a stylish vehicle with best-in-class flexibility, a plethora of available safety features and value for the consumer,” said Tom Loveless, Director – Dodge Marketing. “Consumers love the Stow 'n Go seating and storage system, and we are proud to be the only manufacturer offering a minivan with both second- and third-row seats that fold into the floor.”

PRODUCT HIGHLIGHTS

- Chrysler Group is the only manufacturer with fold-in-the-floor second- and third-row seats, the Stow 'n Go seating and storage system
- Stow 'n Go features second-row bucket seats that can be folded into the floor and a third-row, 60-40

split-bench seat that can fold into the floor or fold rearward to face out the tailgate when the minivan is parked. When seats are in the upright position, 6 cubic feet of covered storage space is available in the second row, and 6 cubic feet of storage space is available in the third row. Headrests do not need to be removed when seats are stowed, and seats can be stowed individually or together

- Designed from the inside out and with four models from which to choose, Dodge Caravan offers minivan owners the best package of flexibility, utility, safety and value in the marketplace
- For the 22nd consecutive year, the Dodge Caravan/Grand Caravan was the best-selling minivan nameplate in the United States, with 226,771 minivans sold. The Chrysler Group sold a total of 407,480 Dodge Caravan/Grand Caravan and Chrysler Town & Country models total in the United States in 2005

MARKET POSITION

The 2007, Dodge Caravan/Grand Caravan, the world's best-selling minivan for 22 consecutive years, continues to lead the segment and stay true to the original minivan formula by providing innovative features without sacrificing value. Offering features and flexibility in numerous price ranges, the Dodge Caravan delivers safety and utility at an affordable price to a variety of customers.

The minivan segment is a substantial part of the new-vehicle market that is expected to stay steady or slightly increase in the foreseeable future. Averaging 1.2 million minivans sold in each of the past 10 years, approximately one of every 15 vehicles sold in the United States today is a minivan.

Demographics

- Gender: 55 percent female/45 percent male
- Age: 60 percent young families in their early 30s to early 40s; 40 percent couples in their late 50s to early 60s
- Median Annual Household Income: \$68,000
- Education: 70 percent college graduates
- Household: 90 percent married; 60 percent with one or two young children in the household

MARKET ADVANTAGES

- The only minivan with Stow 'n Go seating and storage system, where second- and third-row seats fold into the floor
- In-the-floor storage bins offer an available 12 cu. ft. of storage space – 6 cu. ft. of it is covered storage space
- Five-star front- and side-impact crash-test ratings (with available supplemental three-row side-curtain air bags) by NHTSA
- Dodge Caravan, the original minivan, is the leader in developing and introducing segment-leading, industry-first innovative technologies, including the front-passenger air bag, integrated child safety seat, driver's side passenger door (fourth door), power sliding doors with the motor in the door, power liftgate, three-zone temperature-control air conditioning, driver's side inflatable knee blocker, and Stow 'n Go seating and storage system
- The Dodge Caravan/Grand Caravan is the best-selling minivan nameplate for the 22nd consecutive year
