

View Video Demonstrations of Unique Features on the 2007 Jeep® Compass

Auxiliary Audio

The 2007 Jeep Compass is equipped with an AM/FM single-disc CD radio with an auxiliary audio input jack.

Armrest

A sliding center armrest moves forward three inches to accommodate shorter drivers. The armrest lid includes a unique flip pocket for storing a cell phone or MP3 player.

Liftgate

The nine-speaker Boston Acoustics Premium Sound Group with subwoofer includes two articulating speakers packaged in the liftgate. When the liftgate is open, the speakers can swing down to face rearward for tailgating and other activities.

Rear Seats

The flexible 60/40 split, fold-flat rear seats are available with a recline feature, as well as the front passenger seat that folds forward to create a table-like surface for versatility.

Removable Flashlight

The removable flashlight mounts in the headliner above the cargo area and snaps out of the bezel. It has a dual purpose, functioning as the dome light and a removable flashlight.

Electronic Stability Program (ESP)

Electronic Stability Program (ESP) enhances driver control and helps maintain directional stability under all conditions. It provides the greatest benefit in critical driving situations, such as turns, and is especially valuable when driving on slippery surface conditions, such as snow, ice or gravel. If there's a discernible difference between what the driver asks through the steering wheel and the vehicle's path, ESP will apply selective braking and throttle input to put the vehicle back onto the driver's intended path.

YES Essentials® Seat Fabric

YES Essentials® Seat Fabric offers three key benefits: repelling stains, controlling odor and reducing static electricity. Dual-action technology repels and releases spills that would stain other auto fabrics. This technology also allows the upholstery surface to dry quickly. In addition, YES Essentials seating fabric reduces static electricity generated when entering or exiting the vehicle – a first for improving the comfort of drivers and occupants.
