Chrysler Celebrates 25th Anniversary of the Minivan by Introducing Even More Minivan-first Features on 2009 Chrysler Town & Country

August 31, 2008, Auburn Hills, Mich. -

With over 25 years of minivan development and 65 segment-firsts, Chrysler LLC not only invented the modern minivan, but continues to perfect its award winning formula. The 2009 Chrysler Town & Country raises the bar in minivan safety by adding two all-new, minivan-first safety features to the more than 40 available safety features already found on the award-winning fifth-generation minivan. With over 40 new or improved features from the previous generation, including unsurpassed 17 city / 25 highway mpg fuel economy; Town & Country remains the best vehicle to transport people and things.

The Chrysler Town & Country is first in the minivan segment to feature the new Blind Spot Monitoring and Rear Cross Path advanced safety systems.

The all-new Blind Spot Monitoring System (BSM) detects a possible unseen vehicle when changing lanes. The Rear Cross Path System (RCP) aids the driver any time the vehicle is in reverse and warns if any traffic is moving toward the vehicle. Both systems utilize dual ultra-wideband radar sensors that notify the driver via an audible chime and a visible icon on outside mirrors.

The 2009 Chrysler Town & Country further improves passenger safety with SmartBeam® headlamps and rain-sensing wipers. SmartBeam headlamps automatically optimize high-beam brightness when possible and reduce brightness in and around traffic. Rain-sensing wipers automatically adjust wiper speeds in order to keep the windshield clear during storms.

A Chrysler-first innovation, and an exclusive in the segment is the Swivel 'n Go™ seating group. Swivel 'n Go features second-row seats that swivel 180 degrees to face the third row, a removable table that installs between the two rows, in-floor covered storage bins and fold-in-the-floor third-row seating. Integrated Child Booster Seats and a minivan-first dual nine-inch rear DVD entertainment system with swiveling third-row monitor and uconnect studios SIRIUS Backseat TV are also available with Swivel 'n Go.

The most flexible seating system in the minivan segment, Stow 'n Go® is standard on all Chrysler Town & Country models giving customers second- and third-row seating that quickly and conveniently folds into the floor.

What's New for 2009

Models

Chrysler Town & Country LX, Touring and Limited with more value-added features

Chrysler Town & Country 25th Anniversary Edition offers great value with a large selection of standard features

Exterior

Bright grille on LX

Bright daylight opening on LX

Safety Group includes Blind Spot Monitoring (BSM) with Rear Cross Path (RCP) monitoring and uconnect phone available on Town & Country Limited
Power Convenience Group includes power sliding doors, power liftgate and power driver's seat with lumbar available on Town & Country LX

Design

The 2009 Chrysler Town & Country's exterior design starts with clean, tailored lines that create better aerodynamics and a solid stance on the road. With cues from the Chrysler 300, including a similar body-to-glass proportion, simple wheel flares, sleeker pillars, chrome accents and detailed ornamentation, the 2009 Chrysler Town & Country is at home at the country club or the hockey arena.

Unique exterior design cues include a distinctive front end with the "face of Chrysler" grille featuring the Chrysler winged badge, quad headlamps and clean, tailored lines. Chromed accents that include the belt molding, mirror cap, light bar and door handles make the 2009 Chrysler Town & Country Limited a noticeable member of the Chrysler family.

A contemporary interior is created with a combination of satin finishes and Elm Burl or Medrona Burl wood and leather interior trim. The unique Chrysler instrument panel includes an analog clock that is accented by tailored lines and rich trim.

The comforts of a well-appointed home are incorporated into the interior design of the vehicle to make time spent traveling time well spent for families. Detail is driven into every facet of the Chrysler Town & Country, from the analog clock in the dash to the detail along the D-pillar.

Engineering

The 2009 Chrysler Town & Country offers three powertrains including a 4.0-liter V-6 engine with unsurpassed fuel economy, mated to a minivan-first six-speed transaxle that produces 251 hp (189 kW) at 6,000 rpm and 259 lb.-ft. (350 N•m) of torque at 4,100 rpm. The 4.0-liter engine has a fuel economy improvement of 17 city and 25 highway

mpg for 2009. A best-in-class fuel economy is 17 city / 25 highway. A 3.3-liter Flex Fuel V-6 engine that may be fueled with E85 is mated to a four-speed transaxle that produces 175 hp (131 kW) at 5,000 rpm and 205 lb.-ft. (278 N•m) of torque at 4,000 rpm. A 3.8-liter V-6 engine mated to a six-speed transmission that produces 197 hp (147 kW) at 5,000 rpm and 230 lb.-ft. (312 N•m) of torque at 4,000 rpm rounds out the powertrain lineup.

The six-speed transaxle's higher numerical first gear launches the Chrysler Town & Country more briskly than a four- or five-speed transaxle. It also provides smaller steps between ratios, which means the engine speed changes less with each shift, creating a smooth driving dynamic.

High-strength and hot-stamped steel and improved structural body stiffness have reduced NVH, while the Town & Country's aerodynamic design reduces wind noise. Additional acoustic treatments also have improved interior quietness. The twist-beam rear axle with coil springs and front-wheel-drive suspension architecture provide increasing stability and ride comfort, and prevent road noise and transmission harshness from entering the passenger compartment.

A family-friendly interior full of innovation complements fuel-efficient powertrains. Chrysler engineers developed two distinct seating systems: Chrysler's exclusive Stow 'n Go® seating and storage system and the Swivel 'n Go™ seating systems, both with in-floor storage and an available one-touch power folding third-row seat.

Entertainment options are unmatched by competitors. With music, audio, movie and personalized picture display capability, uconnect tunes anchors the 2009 Chrysler Town & Country's multimedia together with a 30-gigabyte hard drive for 6,700 songs, USB port, uconnect studios SIRIUS satellite radio, front-row movie playback (in Park as permitted by state regulations) and an audio jack for any MP3 player audio input playback. The uconnect gps adds even more capability to the uconnect tunes system with navigation and real-time traffic monitoring.

For the rear passengers, a minivan-first dual DVD system with third-row swivel monitor can play different media at the same time. With uconnect studios SIRIUS Backseat TV satellite streaming video and SIRIUS Satellite Radio, DVD player and dual A/V jacks with a 115-volt power inverter in the second row, there is something to keep everyone entertained.

Halo lighting, second-row power windows, second- and third-row sunshades, Remote Start, a removable, rechargeable flashlight in the rear cargo area and a D-pillar-mounted power liftgate button are some family-friendly innovations found in the 2009 Chrysler Town & Country.

Product Highlights

- The 2009 Chrysler Town & Country raises the bar in the minivan segment. With more than 40 new or improved features over the previous generation, the 2009 Chrysler Town & Country continues Chrysler's 25-year tradition of minivan innovation
- New for 2009, and a minivan-first, the Blind Spot Monitoring System (BSM) warns the driver of unseen vehicles when changing lanes via an audible chime and a visible icon on outside mirrors
 - The Rear Cross Path System (RCP) aids drivers any time the vehicle is in Reverse and warns the driver if any traffic is moving toward the vehicle via an audible chime and a visible icon on outside mirrors
 - With contemporary exterior and interior designs, two different seating and storage options, powerful drivetrain options and clever interior features, the 2009 Chrysler Town & Country has evolved to become a "family room on wheels" – a vehicle that offers the ultimate flexibility and utility for active lifestyles
- With the Swivel 'n Go™ seating and storage system, Chrysler offers two distinct seating and storage systems
 - Swivel 'n Go is a unique seating and storage system that offers in-floor cargo bins of the Stow 'n Go® seating system combined with second-row quad chairs that rotate 180 degrees to face forward or rearward, and a stowable center table that installs between second- and

third-row seats.

- The flexibility of the Swivel 'n Go system allows for a variety of configurations, including conversational seating without the table and just about any use with a table, from homework, to game playing, from meals on-the-go, to a home office on wheels
 - Integrated child booster seats are available on Swivel 'n Go, placing children in the adult-belted zone, while increasing their visibility
 - The Stow 'n Go seating and storage system is industry-exclusive and is available only on Chrysler and Dodge minivans. These are the only minivans to offer fold-in-the-floor second-row seating (without the need to remove the seats) and fold-in-the-floor third-row seats
- The 2009 Chrysler Town & Country is a "family room on wheels" because of its fun features, practical comforts and pleasant driving experience
 - Fun features including the Swivel 'n Go seating and storage system, a nine-inch dual DVD system with swiveling third-row monitor which can play different media at the same time, uconnect studios SIRIUS Backseat TV, uconnect gps with navigation and real-time traffic monitoring, surround sound, LED pinpoint reading lamps, ambient halo lighting, a removable, sliding center console and removable flashlight in the tailgate give more options to families on the go
 - Practical comfort features including the Stow 'n Go seating and storage system, heated first- and second-row cloth or leather seats, Remote Start, second- and third-row sunshades, personalized navigation backgrounds, Stain-repel Seat Fabric, an umbrella holder next to the driver's seat, removable, dishwasher-safe cup holders, second-row power windows and third-row power-folding seats provide the comforts of home while on the road
 - An available six-speed transaxle and 4.0-liter engine offers an enlivened driving experience
 - Segment-first Blind Spot Monitoring (BSM) and Rear Cross Path (RCP) accident-avoidance systems effectively add to the list of standard safety features available on Chrysler Town & Country
 - All-row side-curtain air bags and an Electronic Stability Program are among standard safety features on 2009 Chrysler and Dodge minivans. With innovations including a patented, energy-absorbing steering column, driver and passenger knee blocker, Lower Anchors and Tethers for CHildren (LATCH), integrated booster seat, a rearview interior conversation mirror, available ParkSense® Rear Park Assist System(1) and ParkView™ Rear Back-up Camera, the 2009 Chrysler Town & Country ensures peace of mind when traveling

(1) Denotes most stationary obstacles. As with all electronically controlled systems, care is advised.

Model Lineup

ChryslerTown & Country LX

ChryslerTown & Country Touring (Includes 25th Anniversary Edition)

Chrysler Town & Country Limited

2009 Town & Country LX (Standard Features)

Manufacturing Information

2009 model year production start: August 2008 (Windsor), August 2008 (St. Louis South)
Production location: Windsor Assembly Plant, Windsor, Ontario, Canada, and St. Louis South Assembly Plant, Fenton, Mo.
4.0-liter SOHC V-6 engine: Trenton Engine Plant in Trenton, Mich.
3.8-liter V-6 Engine: Trenton Engine Plant in Trenton, Mich.
3.3-liter V-6 Engine: Trenton Engine Plant in Trenton, Mich.
Four-speed automatic transmission: Kokomo Transmission Plant in Kokomo, Ind.
Six-speed automatic transmission: Kokomo Transmission Plant in Kokomo, Ind.

Market Position

The minivan segment is a substantial part of the new-vehicle market and remains vibrant. As the originator of the luxury minivan, Chrysler has offered families a minivan with upscale and luxury amenities for 19 years. The 2009 Chrysler Town & Country offers contemporary, tailored styling, abundant standard safety features, unmatched innovation, flexibility and purposeful technology in an elegant package that doesn't sacrifice value or performance.

With elegant style, luxury amenities and unmatched flexibility, the 2009 Chrysler Town & Country minivan is the best choice for customers who don't want to compromise their active lifestyle. With great interior features like Swivel 'n Go™ seating, a storable center table and dual screen DVDs, the Town & Country is a perfect vehicle to share great times with family and friends.

Demographics

Primary Target: Married couples
Age: 35-45 years old
Median Annual Household Income: \$80,000
Education: 65 percent college graduate
Household: Married with 2 or more children older than six years of age living at home

Secondary Target: "Empty Nesters"
Age: 55-65 years old
Median Annual Household Income: \$60,000
Education: 40 percent college graduates
Household: Married, no children at home

Market Advantages

Unmatched Interior Flexibility

- Only minivan to offer two distinct seating and storage systems including the industry-exclusive Stow 'n Go Seating and Storage System and the innovative Swivel 'n Go™ seat system
- Only minivan to offer Stain Repel Seat Fabric and easy-clean floor mats

Unexpected Entertainment and Convenience

- uconnect studios SIRIUS Satellite Radio and SIRIUS Backseat TV - Satellite Streaming Video with Nickelodeon, Disney Channel and Cartoon Network
- Minivan first nine-inch swiveling dual DVD entertainment system that can play different media at the same time and allow Swivel 'n Go passengers to further utilize the family room on wheels setting
- uconnect gps with 30-gigabyte hard drive, navigation and real-time traffic monitoring
- Premium center console with multiple storage options, slides rearward up to 21 inches

Luxurious Ambience

- Premium amenities, well-appointed interior, personalized space for all passengers
- Ambient halo lighting with six pinpoint LED reading lamps, heated cloth or leather first- and second-row seats, power second-row windows and one-touch power-folding third-row seat

Powertrain and Driving Dynamics

- Three powertrain options including a 4.0-liter V-6 engine mated to a minivan-first six-speed transaxle
- Reduced NVH
- Improved aerodynamics, ride and handling
- Improved brake feel and performance

Product Chronology

2008 MODEL YEAR

All-new fifth-generation long-wheelbase minivan with wider stance and distinctive “face of Chrysler” front end and grille

Thirty-five new or improved features over the previous generation

Three distinct seating and storage systems including the newest minivan idea, Swivel 'n Go™ seating, offering second-row seats that swivel 180 degrees to face the third row with a removable table that installs between the two rows

Stow 'n Go® second- and third-row in-floor folding seats along with one-touch power folding rear bench seats are exclusive to Chrysler and Dodge minivans

Integrated child safety seats available with second-row bench

Three engine and two transmission choices include the 3.3-liter Flex Fuel V-6 with four-speed automatic, 3.8-liter V-6 and the new 4.0-liter 24-valve V-6 engine with a minivan-first six-speed automatic transmission

Removable front console that slides rearward 21 inches for passenger use in the second row

Dual glove boxes (largest in the segment) and 13 cup and bottle holders, including new bottle holders molded into the passenger-sliding door

Mesh storage pockets on second-row quad seats, improved overhead console with integrated storage compartments and driver's-side umbrella holder

Dual eight-inch DVD entertainment system that can play different media at the same time with a 506-watt premium audio system with nine speakers and subwoofer available

MyGIG® Multimedia Infotainment System with navigation and real-time traffic monitoring and ParkView™ Rear Back-up Camera

SIRIUS Backseat TV satellite streaming video featuring Nickelodeon, Disney Channel and Cartoon Network mobile programming

YES Essentials® stain-resistant, odor-resistant, anti-static seat fabric

Improvements in back seat comfort include second-row power windows, second- and third-row retractable sunshades, first- and second-row heated seats (cloth or leather), ambient halo lighting, moveable, LED pinpoint lights High-intensity Discharge (HID) headlamps, signal mirrors, 115-volt inverter, removable flashlight in rear cargo area and Remote Start

Standard 16-inch wheels, optional 17-inch wheels

New exterior color offerings include Clearwater Blue Pearl Coat, Light Sandstone Metallic, Deep Crimson Crystal Pearl Coat, Modern Blue Pearl Coat, Bright Silver Metallic, Brilliant Black Crystal Pearl Coat, Stone White Clear Coat and Inferno Red Crystal Pearl Coat

2007 MODEL YEAR

- Three new exterior color offerings include Cognac Crystal Clear Coat, Marine Blue Pearl Coat and Modern Blue

Pearl Coat

2006 Model year

- CD/DVD changer modified to play any CD or DVD—including MP3, DVD audio, DVD-R and DVD-W—and includes “auto start” capability for DVD audio and “easy start” feature for DVD video
- BeltAlert, enhanced seat belt reminder system for driver
- Message in instrument cluster for unattached/loose fuel cap

2005 MODEL YEAR

- Simplified model availability:
- SWB (short-wheelbase): Town & Country
- LWB (long-wheelbase): LX, Touring and Limited
- Stow 'n Go® seating and storage system on LWB models
- Overhead rail system with three moveable/removable storage bins, rear HVAC controls available on LWB models (standard on Limited)
- Front advanced multi-stage air bags with passenger-side Occupant Classification System (OCS)
- Driver-side inflatable knee blocker (inflates in conjunction with air bag deployment)
- Three-row side-curtain air bags available (standard on Limited); not available with sun roof or Entertainment Group I
- Door Alert sliding door open/light flash feature activates exterior hazard lamps when sliding doors are opened
- New exterior colors include Magnesium Pearl Coat and Linen Gold Metallic
- New interior color include Dark Khaki/Light Graystone
- Exterior freshening including new headlamps on LWB models
- Buffed stainless steel roof rack replaces painted body-color roof rack on Limited
- New instrument cluster graphics relocates message center from instrument panel brow to cluster
- New interior trim finishes include Sycamore Woodgrain, LX; Satin Silver on Touring; Sycamore Woodgrain with Satin Silver on Limited; bright badging on steering wheels
- BeltAlert, enhanced seat belt reminder system
- UConnect® Hands-free Communication System with Bluetooth wireless technology available
- Factory-installed SIRIUS Satellite Radio available
- Removable center console offered on SWB models
- Entertainment Group I with rear video offered on SWB models

2004 MODEL YEAR

- eL discontinued
- Short-wheelbase model added
- LXi/LXi AWD discontinued
- Touring model added
- All-wheel-drive Touring model added
- New Town & Country Platinum Edition
- New AM/FM radio with CD player standard sound system
- New AM/FM radio with integrated six-disc CD changer
- Rear entertainment system included six-disc in-dash CD/DVD changer

2003 MODEL YEAR

- LX AWD model discontinued
- eL added optional 3.8-liter V-6 engine
- eX added standard driver-side power sliding door, steering-wheel audio controls, security alarm and leather-wrapped steering wheel
- LXi added standard power liftgate, Electronic Vehicle Information Center (EVIC), auto-dimming mirrors, AM/FM radio with cassette and CD, third-row lamps and grab handles and roof rack
- Limited added heated front seats, AM/FM radio with cassette and six-disc CD changer and Quad-Command® seats with 50/50 rear bench
- Power adjustable pedals—optional on all models (late availability)
- Power sun roof optional on LXi and Limited
- Rear Seat DVD Entertainment System optional on eX, LX, LXi and Limited
- Six-disc CD changer replaces four-disc CD changer optional equipment on LXi and standard on Limited

2002 MODEL YEAR

- eL model introduced
- Electronics Convenience Group optional on LXi, standard on Limited
- Tire pressure monitor included with EVIC standard on Limited and optional on LXi
- Rear-seat audio AM/FM/cassette/CD with remote control and dual wireless headphones included on all models except base LX and eX
- Steering-wheel radio controls added to the power accessory delay feature available

2001 MODEL YEAR

- eX model introduced (mid-year introduction)
- Refined 3.3-liter and 3.8-liter V-6 engines
- Four-wheel Anti-lock Brake System (ABS) on front-wheel drive models
- Industry-first power liftgate available
- Power-sliding doors with industry-first opening-direction obstacle detection and in-door motors
- All-new body structure
- All-new interior including seats, trim panels, instrument panel and instrument cluster
- Industry-first removable center console with power outlet available
- Industry-first, infrared sensing, three-zone automatic temperature control air conditioning available
- Industry-first, three-zone temperature control air conditioning available
- Driver and passenger air bags with multi-stage inflators
- Supplemental side-impact air bags for front outboard occupants available
- Security alarm system with Sentry Key® engine immobilizer available

2000 MODEL YEAR

- Additional distinctions between LX and LXi appearance
- Additional distinctions between LX and LXi equipment
- 3.8-liter engine with all-wheel drive meets Low Emission Vehicle (LEV) standards in Northeast Trading Region states

1999 MODEL YEAR

- Limited model introduced
- Steering-wheel radio controls available
- Next-generation driver-side air bag
- Child seat available with Quad-Command seating

1998 MODEL YEAR

- High-Output 3.8-liter V-6 engine available in all 50 states (180 horsepower, 240 lb.-ft. of torque)
- Low Emission Vehicle (LEV) 3.3-liter V-6 engine available in states adopting California emission regulations
- Flexible Fuel Vehicle (FFV) 3.3-liter V-6 engine available in states that do not adopt California emission regulations
