## **New 2010 Chrysler PT Cruiser Classic — Iconic Heritage Design, Industry-leading Quality and Legendary Value**

New for 2010:

- Chrysler PT Cruiser Classic offers the most desired features at a value price
- Efficient 2.4-liter four-cylinder with standard automatic transmission
- Standard convenience features include:
  - Four-wheel Anti-lock disc Brakes (ABS)
  - Electronic Vehicle Information Center (EVIC)
  - 16-inch aluminum wheels
  - Tire-pressure Monitoring (TPM)
  - Cruise control
  - Air conditioning
  - Chrome exterior accents include body-side moldings, grille and door handles

August 31, 2009, Auburn Hills, Mich. - The new 2010 Chrysler PT Cruiser Classic combines the iconic heritage-styled design, efficient passenger cabin space, fuel-efficient four-cylinder powertrain and industry-leading quality in a new model loaded with legendary value.

In commemorating nearly a decade of the PT "Personal Transportation" Cruiser's timeless design, the new Chrysler PT Cruiser Classic embodies the romance of American automotive heritage, styling and versatility that made PT Cruiser an instant hit.

Chrysler PT Cruiser Classic's unique fenders, roofline and high belt-line proportions recall 1930s and 1940s hot-rod styling — while chrome body-side moldings, door handles, 16-inch wheels and grille highlight PT Cruiser Classic's high level of detail and style.

Inside the new Chrysler PT Cruiser Classic continues to lead the small-car segment with its combination of style, craftsmanship and flexibility. Chrome rings highlight the Bright Silver Metallic instrument panel's three gauges, rotating air vents and Chrysler signature analog clock. A retro proportioned leather-wrapped steering wheel features four spokes with Satin Silver accents and a small center airbag cover for easy viewing of the large gauges. A Satin Silver center stack features conveniently placed climate controls and radio with MP3 input jack, while the center console features a sliding armrest with covered storage.

The PT Cruiser Classic features 32 front- and rear-seat configurations to accommodate any cargo need quickly and conveniently. Command-of-the-road five-passenger seating provides chair-height seating comfort with an elevated second-row for improved visibility and passenger legroom. An available fold-flat front-passenger seat accommodates longer items, such as a ladder or snowboard. PT Cruiser Classic's 50/50 split-fold rear seats fold-and-tumble to offer quick access for additional room and can be completely removed for up to 62.7 cu. ft. (1.78 cu. m) of cargo space. The tailgate also features a five position shelf panel for additional interior flexibility and utility.

With rising fuel costs attracting consumers to smaller, versatile, more fuel-efficient vehicles, Chrysler PT Cruiser Classic delivers with a time-tested 2.4-liter four-cylinder 16-valve engine that delivers efficiency with spirited performance.

High-quality, craftsmanship, performance and functionality continue to give the award-winning Chrysler PT Cruiser a leg up on the competition. For years, leading consumer magazines and third-party studies have recommended the Chrysler PT Cruiser for its consistently high levels of quality and refinement. In fact, the PT Cruiser tied for first place in J.D. Power's 2009 Initial Quality Survey (IQS).

Chrysler continues to keep its icon fresh and exciting. The new 2010 Chrysler PT Cruiser Classic marked the 15th variation since PT Cruiser's introduction, following five Dream Cruiser Series vehicles, PT Turbo, Flames, Woodie, Chrysler PT Cruiser Convertible, the refreshed 2006 Chrysler PT Cruiser, W.P. Chrysler Signature Series, PT Street Cruiser Route 66, Pacific Coast Highway and Sunset Boulevard editions.

## **2010 CHRYSLER PT CRUISER CLASSIC AT A GLANCE**

### **New Chrysler PT Cruiser Classic features the best from PT Cruiser at a value price**

- Unmistakable heritage-styled design highlighted with chromed body-side moldings, door handles and grille accents
